

Mr. Allan Knox
NOAA SARSAT Program
SARSAT Program and Policy Analyst

- Allan is a retired USAF Officer having spent 15+ years as a Rescue Center Controller and National Search and Rescue School Instructor.
- As a Federal Civil Servant, he has worked for the USCG as the Mass Rescue Program Manager and USAF Air Combat Command as a Branch Chief supporting Isolated Personnel requirements management.
- He currently works for NOAA SARSAT program as a Program and Policy Analyst. In this position, Allan
 - Supports the U.S. Lead representative at Cospas-Sarsat meeting and Leads U.S. Delegation as required.
 - Prepares and coordinates with Cospas-Sarsat Parties the U.S. position for development of medium Earth orbiting search and rescue system transition to operations.
 - Serves as a representative on operational SARSAT related groups and bodies including the Operational Working Group of the Joint Committee of the International Cospas-Sarsat program to include development and coordination of U.S. positions on operational and policy matters.
