

Mr. Drew Orvieto

Senior Director
of Product Management
Sea Machines Robotics

- Drew Orvieto is an experienced marine industry professional with a diverse background, which includes naval architecture, product design, engineering management, sales, product strategy, and business development.
- He holds a bachelor's degree in Naval Architecture, a master's degree in Product Architecture, and an MBA.
- A lifelong boater, Drew has worked with a variety of boat and shipbuilders including Feadship, General Dynamics NASSCO, and Brunswick.
- He was previously the Engineering Manager and head of Commercial Sales for ZF Marine in North America and is currently Senior Director of Product Management at Sea Machines Robotics.
- He is extremely passionate about design and innovation, particularly in the marine industry, and holds multiple patents for marine-specific products and software.
- He was selected as one of Boating Industry's 40 Under 40 in 2020, identifying him as one of the young leaders in the recreational boating industry.
